DECLARATION: The Protection and Privacy of Data Act 2001, regulates the processing or personal information, which could either be retained electronically or manually.

According to this same Act, every person has the right to know his / her personal information the Department is keeping, why it is necessary, how it is collected and what is being done to keep it updated. The person concerned also has the right to access this information, as long as certain criteria are adhered to and a written request is sent to the department's Data Protection Controller. Together with this claim, photocopies of identification, such as the Identity Card or Passport have to be attached. The Department will oblige to such a request as soon as possible.

If after viewing what is legally accessed by right, it transpires that there is incorrect or expired information, a claim to rectify or even cancel this information could be made.
